

*Chairman's Christmas Message 2015*  
*Merry Christmas!*  
CHRISTMAS IS A SEASON FOR KINDLING THE FIRE FOR HOSPITALITY IN THE HALL.

It is once again that time of the year when celebration of the Christmas Season is all around us. A fitting time for us to reflect on what we have accomplished and evaluate whether we achieved our goals.

I am happy to say that many of our planned objectives and goals have taken root and we are well on our way to achieving the changes and improvements that we have set for the organization along with realizing our vision of being the preferred supplier of security services and products in the region. We commit to continuously improve on our efficiencies and processes as well as to continue to develop our human capital through training and opportunities for personal achievements. We acknowledge that without the devotion and loyalty of our cadre of professionals our success would not be possible and so there is no time more fitting than now to extend gratitude to all the family members of our staff for giving their support and trusting us during tough times.

I must also bring to the forefront that the company was successful in many areas of recognition with the most outstanding being the People's Empowerment Award from EY for 2015; the CIO100 awards from IDG Enterprise and TTCSI for being a Worldwide Leader in Technology Innovation & Business Value Creation and finally, Service Provider of the Year 2015 from TTCSI. We will continue to improve the way we do business driven by our desire to serve with excellence.

As we forge ahead in these difficult times with increasing economic and risk challenges in a criminal landscape, I seek the Lord's guidance and protection for all our staff. I believe that once we sustain what we are doing and maintain awareness and standards while we keep looking out for each other, we will enjoy the prosperity and safety that we all desire.

I extend my sincere thanks to all our dedicated staff members including the officers who have demonstrated their flexibility and responsiveness in addressing how ASSL continues to meet our commitment to serve. I am always encouraged by the resilience and creativity of our team and it is in this spirit that I take this opportunity to wish all our people and their loved ones a Happy Christmas and the very best for the New Year. I will continue to concentrate on the concerns of the work force and provide the necessary feedback with the hope of creating a suitable work environment that fosters ideal conditions. I am continuously aware of how much our organizational success rests upon our hard working and committed staff members. With such a great team of people throughout the region, we remain focused on providing the best products and services to our customers.

Each year that passes seems to have its own character and focus but Christmas remains a time to thank Almighty God for the great many blessings we all share. All in all the past year has been filled with its challenges and successes and things are coming together as planned so once again, do have a Very Merry Christmas and a Successful New Year .

*Chairman* ....*Time is of the Essence*
