

Dec. 18, 2007

## *Chairman's Message*

*We are in the midst of the Christmas season. Soon we will enter another new year. In reflection, we acknowledge with grateful hearts God's goodness to us, our families and our business in 2007. Thankfully, we have had a good year. Our employee and customer satisfaction has increased, our Company has grown and our range of services has expanded.*

*We are entering 2008 with much hope and expectancy not only for our families and our country but also for our Company. Already we are putting things in place for process improvement and more effective performance management. We are geared towards improving the quality of service to our employees and customers in 2008. As you know, we have already reviewed all hourly rates with added financial incentives that are performance based. We have also initiated a pension plan that takes effect from January 2008. Although we have had a prosperous year in 2007, we look forward to even more progress and achievements in 2008.*

*As Chairman of the Company, I wish to salute our Directors, Members of the Executive, Management and Middle Management for their commitment, dedication and loyalty in 2007. To the hard working field Staff and Officers, I acknowledge that our Company would not be the success that it is without you. With all your support, I look forward to our Company's stride in 2008.*

*On behalf of my family, I wish you and your families a  
**Merry Christmas & a Prosperous New Year.***

*Chairman*
